

2009 Young Detroit Builders GED Math Workshop

Hi Laura,

Many thanks for your work and for sending the data. I talked with the students in both cycle II and III and they, all, appreciated very much the work that you did for them. In fact, when I asked them what was the best part of the program, they mentioned your name. When asked what else would they change in the program, they answered: "more time with Laura..."

Again, thank you!

Claudia
