# Multiplication on Safari Mazes: Multiples

Can you find your way through the grasslands of Africa using what you know about number multiples? Use the dry erase pen to mark your path. Make sure to erase your path when you are done so the next person can try.

Use your multiplication chart as a map to find your way!

Math and Numbers - Multiplication Table

| X	0	1	2	3	4	5	6	7	8	9	10	11	12
0	0	0	0	0	0	0	0	0	0	0	0	0	0
1	0	1	2	3	4	5	6	7	8	9	10	11	12
2	0	2	4	6	8	10	12	14	16	18	20	22	24
3	0	3	6	9	12	15	18	21	24	27	30	33	36
4	0	4	8	12	16	20	24	28	32	36	40	44	48
5	0	5	10	15	20	25	30	35	40	45	50	55	60
6	0	6	12	18	24	30	36	42	48	54	60	66	72
7	0	7	14	21	28	35	42	49	56	63	70	77	84
8	0	8	16	24	32	40	48	56	64	72	80	88	96
9	0	9	18	27	36	45	54	63	72	81	90	99	108
10	0	10	20	30	40	50	60	70	80	90	100	110	120

12	0	12	24	36	48	60	72	84	96	108	120	132	144

Multiplication on Safari Mazes: Multiples of 5

Find your way from start to end following a path made of numbers that are multiples of 5. You may only move up and down or sideways. Start at the S and end at the E. *Use the multiplication chart as a guide if you need to.*

S	12	22	E	5	44	51	24
15	10	35	16	55	35	22	39
23	24	40	14	21	70	46	22
31	20	25	47	60	55	37	33
74	30	13	48	50	32	52	38
57	35	53	33	45	34	49	38
29	55	30	25	15	59	36	42
43	36	42	48	17	41	23	44

Multiplication on Safari Mazes: Multiples of 3

Find your way from start to end following a path made of numbers that are multiples of 3. You may only move up and down or sideways. Start at the S and end at the E. *Use the multiplication chart as a guide if you need to.*

9	3	S	1	E	12	21	2
12	4	5	7	8	10	18	11
15	13	14	16	17	19	24	27
18	21	20	22	23	25	1	36
2	24	4	15	27	21	5	33
30	27	7	12	20	24	36	30
33	10	11	18	4	22	40	37
36	9	3	6	5	25	31	32

Multiplication on Safari Mazes: Multiples of 4

Find your way from start to end following a path made of numbers that are multiples of 4. You may only move up and down or sideways. Start at the S and end at the E. *Use the multiplication chart as a guide if you need to.*

| S	5	11	23	25	7	E	12
12	8	13	37	38	15	27	16
3	16	14	34	5	24	28	20
24	20	9	17	6	48	2	17
32	6	7	27	14	40	36	7
28	36	40	33	1	11	4	12
21	22	44	48	24	8	13	40
5	30	19	43	9	32	20	44

Multiplication on Safari Mazes: Multiples of 6

Find your way from start to end following a path made of numbers that are multiples of 6. You may only move up and down or sideways. Start at the S and end at the E. *Use the multiplication chart as a guide if you need to.*

3	50	51	47	16	S	18	15
17	44	4	59	11	13	42	14
49	58	64	56	10	33	36	24
57	45	5	46	7	26	35	54
19	60	72	12	8	32	6	60
20	48	52	6	31	41	36	40
22	30	63	18	9	30	12	2
E	12	55	42	36	24	43	1

Multiplication on Safari Mazes: Multiples of 7

Find your way from start to end following a path made of numbers that are multiples of 7. You may only move up and down or sideways. Start at the S and end at the E. *Use the multiplication chart as a guide if you need to.*

| S	7	14	37	44	63	56	E
27	71	28	1	22	35	74	75
49	42	35	32	12	14	35	9
56	72	47	13	57	5	28	84
63	70	2	35	7	14	24	14
73	77	34	28	4	49	6	70
3	84	71	42	36	56	63	77
61	49	7	21	55	67	33	8

Multiplication on Safari Mazes: Multiples of 9

Find your way from start to end following a path made of numbers that are multiples of 9. You may only move up and down or sideways. Start at the S and end at the E. *Use the multiplication chart as a guide if you need to.*

18	S	79	45	54	108	25	80
99	29	59	90	69	63	19	77
27	81	36	72	39	18	29	70
39	89	49	50	75	27	9	36
63	36	9	72	33	44	88	54
54	79	35	27	49	45	72	108
18	89	59	45	53	63	55	60
E	69	22	99	90	81	66	50

Multiplication on Safari Mazes: Multiples of 8

Find your way from start to end following a path made of numbers that are multiples of 8. You may only move up and down or sideways. Start at the S and end at the E. *Use the multiplication chart as a guide if you need to.*

28	56	40	24	S	18	E	26
25	72	44	17	60	20	32	48
96	88	14	38	30	93	41	64
16	42	30	52	58	40	8	80
48	24	32	50	18	48	29	70
22	49	72	75	98	56	16	88
68	14	8	19	21	36	12	56
78	28	16	24	40	96	48	32

Multiplication on Safari Mazes: Multiples of 10

Find your way from start to end following a path made of numbers that are multiples of 10. You may only move up and down or sideways. Start at the S and end at the E. *Use the multiplication chart as a guide if you need to.*

S	11	15	50	80	10	6	22
30	25	20	40	33	90	73	5
90	70	60	54	7	70	8	95
37	43	74	45	30	20	33	4
35	80	60	40	50	88	75	77
44	40	53	66	65	60	50	40
3	60	30	25	80	30	85	70
9	55	10	50	90	56	99	E

Multiplication on Safari Mazes: Multiples of 2

Find your way from start to end following a path made of numbers that are multiples of 2. You may only move up and down or sideways. Start at the S and end at the E. *Use the multiplication chart as a guide if you need to.*

S	11	15	16	22	10	5	21
2	21	6	8	23	14	73	5
6	12	24	15	3	2	9	15
19	23	13	17	18	20	33	3
5	6	2	10	24	7	21	7
5	10	23	21	5	6	12	14
3	20	12	5	8	20	11	2
