

Michigan Council of Teachers of Mathematics

August 11, 2007

Laura Weakland
52111 Eleven Mile Road
South Lyon, MI 48178

Dear Laura,

On behalf of the Michigan Council of Teachers of Mathematics (MCTM) and the 2007 conference committee, thank you for speaking at the 58th Annual MCTM conference, *Understanding for Teaching, Teaching for Understanding*, held in Holt from August 9-10th, 2007. We were able to offer a wide variety of excellent sessions for conference participants. The conference was a great success because of you and others like you shared your considerable talent and expertise. Your time, effort and dedication is greatly appreciated.

If you have any comments about this year's conference or suggestions for making our next conference even better, please send them to the MCTM Office. Feedback is our best source of new ideas. If you would like to help with next year's conference, we love volunteers. There are things to do prior to the conference or during the conference itself. You can reach Alecia at alecia@ucia2.com or 734-477-0421.

We will be at Holt High School for one more year before changing venues. Our theme next year is *Mathematics in Michigan, Continuing the Journey*, as we deal with the changes in mathematics education and graduation requirements. The Institute will be August 4-6th, and the conference will be August 7-8th. If you know that you would like to be a speaker again, please don't delay in filling out a speaker form. You may visit www.mictm.org for an online submission form.

Again, thank you for presenting at this year's conference. We look forward to your continued active participation in the Michigan Council of Teachers of Mathematics!

Sincerely,

Laurie Shappee
2007 MCTM Conference Chair
